It's time to Clean the Nest in Near Northwest—here are 5 ways you can help:

1. Throw your trash in a bag or in the garbage, not on the street.
2. If you see garbage on the street, pick it up.
3. Hand out our “CleanThe Nest In Near Northwest” bags to people you know.
4. Encourage others to help keep our community clean.
5. Report bus stop, business, residential and property vandalism to the police.

Why?

- Increase our **property values**.
- Help our businesses be more attractive and **successful**.
- **Improve** the appearance of our community.
- Create a **cleaner environment** for our children.

Take pride in our community
and respect our public spaces.

History

This year, the Near Northwest Management District collected over **NINE TONS** of trash off of the streets in our community. It was then we realized something had to be done, and at National Night Out 2016 in October, we launched the “CleanThe Nest In Near Northwest” to encourage residents to clean up and take pride in their community. **Grab a bag and join us.**

If you would like “CleanThe Nest In Near Northwest” bags to use and/or giveaway, please send an email to Grownear1@nnmd.org.
